

Noncontact Infrared Thermometer

Non contract Infrared Thermometer makes measurement easily without touching the target surface (Built-in laser for aiming)

Specifications:

Model	ST530A
Range	-32 ~ 530°C (-26 ~ 986°F)
Accuracy	±2.0%, ±2°C
Distance spot ratio	12:1
Resolution	0.1°C / 0.1°F
Response time	500ms, 95% response
Emissivity	0.95
°C/°F switchable	√
Backlight	√
Over range indication	√
Display	LCD
Battery	1*9V, 6F22
Net weight	178g (included battery)
Product size	185 x 135 x 38mm
